Thermo Scientific F1-ClipTip Mehrkanalpipetten

Das innovative ClipTip System sorgt für hohe Genauigkeit und Präzision, während der Kraftaufwand zum Aufnehmen und Abwerfen der Spitze gering bleibt. Eimal aufgenommen, bleiben die Spitzen fest an der Pipette und können nicht abfallen – egal welcher Druck bei der Applikation angewendet wird. Das innovative F1-ClipTip System hält die Spitze solange fest und absolut dicht an der Pipette, bis sie vom Anwender bewusst abgeworfen wird.
