

# Incubation Trays

Convenient, easy to use trays for staining and washing gels and membranes

These lidded **incubation trays** have a perfectly smooth interior surface, making them ideal for staining and washing electrophoresis gels and membranes. Trays are manufactured to prevent adsorption of antibodies. Three sizes are available to hold different volumes or gel sizes, so you can find the right tray for your application.

## Advantages

- **Smooth interior** – protects membranes and gels from scratches
- **Lidded** – to protect experiments from dust or debris
- **Non-binding surfaces** – no antibody loss when used with common immunoassay buffers
- **Convenient** – multiple sizes available for different applications

## Ordering Information

Catalog Number	Product	Size
541094	Incubation Tray, red 7x5 cm	5/pack
541095	Incubation Tray, black 9x6 cm	5/pack
541096	Incubation Tray, blue 11x9 cm	5/pack
